MUNICH, jardin botanique 8 mars 1877.

Monsieur

are forme in the start

Vous savez que la littérature botanique de l'étranger surtout les publications des sociétés et des Académies n'arrivent souvent en Allemagne qu'après de longs intervalles et que des années entières passent quelquefois sans qu'on pourrait s'en servir dans nos bibliothèques.

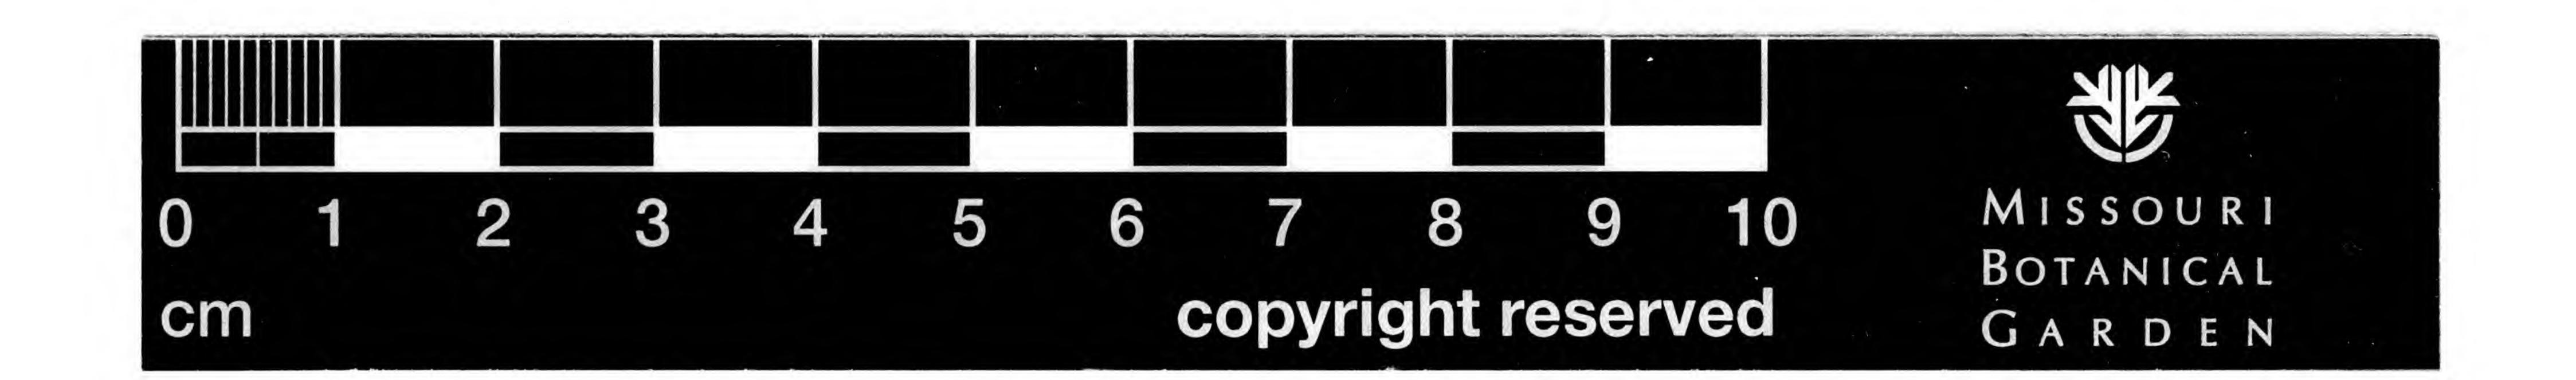

Ainsi le soussigné qui s'est chargé du rapport sur la morphologie et systématique des Phanérogames et sur la géographie des végétaux pour la révue annuelle botanique, éditée par M. le Dr. Just, rencontre souvent des grands obstacles pour l'acquisition des ouvrages qui s'occupent de ces matières. Il est même inévitable que d'importants travaux
